

Real people. Real stories. The Joe DiMaggio Children's Hospital Experience.

DUSTIN

**“We owe our son's recovery — his very life —
to Joe DiMaggio Children's Hospital.”**

— Dustin's Mom

A few weeks before Dustin's second birthday, he was diagnosed with a clear cell sarcoma in his kidney, a very rare childhood cancer. His parents were devastated.

“As a mother, you feel totally helpless. The darkest days of my life were made better by the exceptional doctors and nurses at Joe DiMaggio Children's Hospital. They treated my husband and me like family. And most importantly, they treated Dustin like their own child. Every person I encountered in that hospital reached out to us with a loving heart,” says Dustin's mom.

Today, Dustin is cancer-free — thanks to Joe DiMaggio Children's Hospital's special brand of extraordinary patient- and family-centered care.
