KENDAL

“Joe DiMaggio Children's Hospital saved my baby's life.”

— Kendal's Mom

At just 10 days old, Kendal was dying. Diagnosed with multiple serious heart defects, she was immediately transferred to Joe DiMaggio Children's Hospital – the only hospital performing pediatric open heart surgery and cardiac catheterization in Broward and Palm Beach counties.

Today, thanks to the extraordinary healthcare team at Joe DiMaggio Children's Hospital and its special brand of patient- and family-centered care, Kendal's heart is working beautifully. Her mother credits the hospital with saving her baby's life.

“I wouldn't recommend any other hospital,” says Kendal's mom.
