Memorial Rehabilitation Institute

Private patient rooms where family can stay overnight

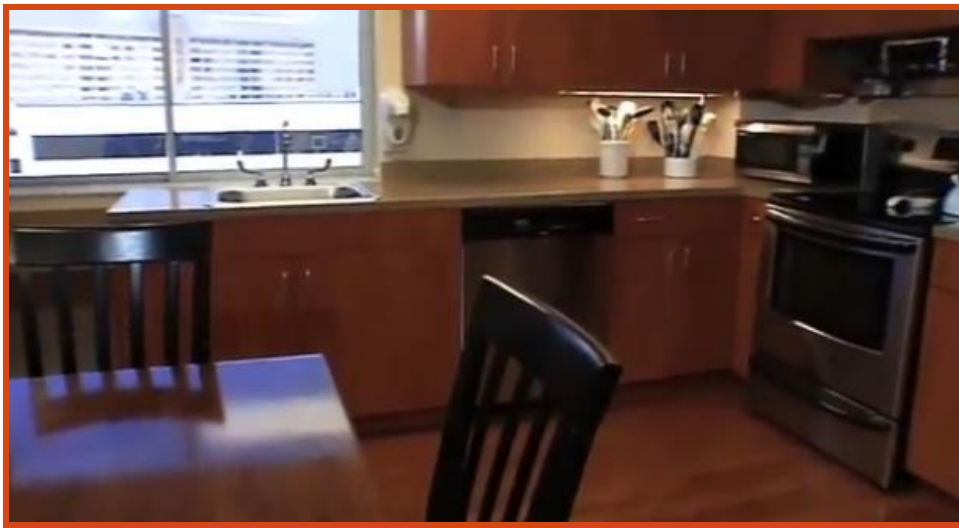

Case managers are invited to attend team conferences

Determination Drive at Memorial Rehabilitation Institute provides a realistic, simulated environment, including a fully functioning apartment, car, library, ATM and grocery store – allowing injured workers the opportunity to practice everyday living skills and improve functional activities prior to discharge.

Pet therapy at every 1 of our hospitals

Inpatient Rehab gyms

Memorial Rehabilitation Institute

- Our patient outcomes are evaluated by the Uniform Data System for Medical Rehabilitation (UDSMR®), a renowned clinical documentation system for inpatient rehabilitation. This documentation confirms that our outcomes for patient length of stay, daily functional improvement and ability to return home continually exceed national averages.
