Make vision health visit a priority

One of the first lines of defense in overall health is vision care. The HumanaVision plan enables you to take better care of your vision and you'll pay less for your care vision doing so.

Get started with HumanaVision

1. **Register for your personal page at Humana.com /Download the MyHumana Mobile app**

To register, simply go to Humana.com and click on "Sign in or register" and enter the requested information. You'll need your member or subscriber ID to initially register. Also, you can download the MyHumana Mobile app from the app store on your smartphone to access plan information.

2. **Access your digital ID Card And keep it with you**

To access a PDF of your Humana Vision ID card, sign in to MyHumana. Once signed in, you can access your digital card from the ID card center. If you're a smartphone user, you can view your ID card from the MyHumana Mobile application. Once on the app, your Humana Vision ID card will appear on your phone under the "tooth" icon.

3. **Find a vision provider**

For plans with in-network benefits, find vision providers in your area using Humana.com. We update the list of participating providers daily.

For questions about your plan, call our customer care department 877-398-2980.
