Dear Memorial Family,

Memorial believes in providing great benefits because they demonstrate our commitment to enhancing and maintaining your overall wellbeing.

If you have any questions concerning your benefits, please call HR Shared Services at (954) 265-5903, or submit a case via the Workday Assistant.

Thank you for everything you do for patients and families at Memorial.

Sincerely,

YES, IT IS ALL ABOUT YOU

YOUR WELLNESS IS OUR PRIORITY.

We are committed to providing you with a benefits program that is comprehensive and competitive.

We offer medical, dental, and vision coverage, as well as a number of other benefits to keep you and your family happy and healthy.

Use this guide as a resource to learn more about our benefits and to choose the coverage that is the right fit for you and your family.

ELIGIBILITY

WHO CAN PARTICIPATE? MEMORIAL EMPLOYEES CAN PARTICIPATE IN OUR BENEFITS PROGRAM AFTER THEY SATISFY THE NEW-HIRE WAITING PERIOD, AND AGAIN, ANNUALLY, DURING OPEN ENROLLMENT.

You can make changes every year during Open Enrollment, or within 30 days of a qualifying event throughout the year, listed here.

- Marriage or divorce
- Death of your spouse or dependent
- Birth of a child
(*within 60 days*)
- Adoption of a child
- Your spouse losing a job or getting a new job, affecting your eligibility for coverage
- You or your spouse switching employment status from full-time to part-time or vice versa, affecting your eligibility for coverage
- If you are changing your status to staff relief, you must waive your medical plan if you no longer want to have medical benefits
- Significant cost or coverage changes, or
- Your dependent no longer qualifying as an eligible dependent

You must notify and submit any applicable forms and/or documentation to the Human Resources Shared Services Department (HRSS) within 30 days of a life event – with the exception of adding a newborn child, in which case you may add that child to your medical plan within 60 days of the birth.

Act promptly: Start the process of reviewing and updating your benefits as soon as the qualifying event occurs.

Understand your options: Make sure you fully understand the changes you can make and how they will impact you.

Keep track of the deadline: Mark the end of the 30-day window on your calendar to ensure you don't miss it.

Follow up: Follow up with your benefits administrator or insurance provider to confirm that the changes have been processed before the 30-day deadline.

Remember, failing to make changes within the 30-day window could result in your changes not being allowed under the plan rules.

HRSS will review your request and determine if the change you are requesting is allowed. Only benefit changes that are consistent with the qualifying life event are permitted.

DEPENDENTS

Your dependents can take advantage of your benefits as well. Below is a list of all eligible dependents. When adding any dependent, applicable documentation is required to submit the elections.

For legal spouse you will need to provide a Marriage License and for any child/children, you will need to provide a Birth Certificate.

Contact HR Shared Services for additional questions.

- Your legal spouse
- Your child(ren) up to age 26
- A biological child
- A stepchild
- A legally adopted child
- A child placed for adoption
- A child placed for foster care

COBRA AND ACA

If you become eligible for benefits under the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985 or the Affordable Care Act (ACA) of 2010, there are benefits in this guide that you can still participate in.

Continuing COBRA coverage applies if your hours of employment are reduced or you leave Memorial for any reason other than gross misconduct. COBRA benefits are available to you for up to 18 months after your employment status changes.

The ACA states that employers' health plans must cover 10 essential health benefits, including doctors' services, inpatient and outpatient care, prescription drug coverage, and more. If your employment status changes or if you're not benefits-eligible due to your current status, under the provisions of the ACA you must be allowed to participate in these essential benefits.

In this guide, benefits that are available under either COBRA or ACA are designated by these symbols:

If you have questions, contact HR Shared Services at (954) 265-5903 or submit a case via the Workday Assistant

MEMORIAL OFFERS TWO DIFFERENT MEDICAL PLANS, GIVING YOU THE FREEDOM TO CHOOSE A PLAN THAT WORKS BETTER FOR YOU. BOTH PLANS ARE ADMINISTERED BY COMMUNITY CARE PLAN.

GLOSSARY OF BENEFITS TERMS

Annual deductible:

The amount of money you must first pay out of pocket before your plan begins paying for services. You are responsible for meeting your deductible before your plan starts paying for services.

Coinsurance:

The percentage of covered expenses shared between you and the plan. In some cases, coinsurance is paid after you meet a deductible. For example, if the plan pays 80 percent of an in-network covered charge, you pay 20 percent as coinsurance.

Copayment (copay):

The fixed dollar amount you pay for certain in-network services.

Non-preventive services:

The treatment or diagnosis for an illness, injury, or other medical condition.

Out-of-pocket maximum:

The most you would pay for your services before your plan pays 100 percent.

Preventive care services:

Services that are generally aligned to routine wellness exams.

Examples:

- Annual wellness exam
- Mammograms
- Pap smears, pelvic exams
- Sigmoidoscopies and colonoscopies

MEMORIAL MANAGED CARE PLAN (MMCP)

This plan is similar to an HMO. Specific copays apply when you receive healthcare services that are covered by the plan (after you meet the annual deductible). However, MMCP does not cover services by providers who are out of the Memorial Health Network (and the Aetna network if you live in Palm Beach County), except in an emergency or if a service can't be offered in-network (you'll need prior authorization before you receive care).

Your deductible is the dollar amount you have to pay for covered healthcare services out of your pocket before MMCP kicks in.

Once you've met your deductible (\$100 for individuals, or \$300 for families), you'll be responsible only for your copays for the remainder of the plan year until you've reached your out-of-pocket maximum. Keep in mind that prescriptions are not part of your deductible, but they are part of your out-of-pocket maximum.

Enroll only during Open Enrollment, when you are a new hire, or when you have a qualifying life event.

MEMORIAL CONSUMER HEALTH PLAN (MCHP)

This plan is a consumer-driven health plan. It includes an annual deductible and coinsurance. It has out-of-network benefits, which means you can receive care from providers who are out of the Memorial Health Network (and the Aetna network if you live in Palm Beach County), at a slightly higher cost to you.

Your deductible is the dollar amount you have to pay for healthcare services out of your pocket before MCHP kicks in. You are responsible for the first \$1,000 (individual) or \$2,000 (family) of the allowable amount in healthcare services before you begin paying coinsurance.

Once you've met your deductible, you'll be responsible only for your coinsurance for the remainder of the plan year until you've reached your out-of-pocket maximum. Keep in mind that prescriptions are not part of your deductible, but they are part of your out-of-pocket maximum.

Enroll only during Open Enrollment, when you are a new hire, or when you have a qualifying life event.

SAVE MONEY ON YOUR MEDICAL PREMIUM

Did you know that there are two ways to save money on your medical insurance? Lower your premium today by completing wellness-related activities to earn a Wellness Credit (or two).

Here's what you have to do:

Get an annual preventive health exam. Your annual preventive health exam is more than just a routine check-up. It's a crucial opportunity for your PCP to identify potential health issues early on, recommend essential screening tests, vaccinations, and more. Plus, it's a chance to have meaningful conversations about living a healthy lifestyle tailored to your needs.

Remain tobacco-free. Or complete a smoking-cessation program if you are a tobacco user. This applies to both you and your covered spouse.

IN-NETWORK ADVANTAGE

The percentage you pay out of your pocket is based on a negotiated fee when you use an in-network provider, which is usually lower than the actual charges. You may be responsible for the difference of the Usual, Customary, and Reasonable (UCR) charges and what the provider charges if you visit an out-of-network provider. You may also need to submit claim forms when you use an out-of-network provider.

MEMORIAL HEALTH NETWORK

The Memorial Health Network (MHN) is a group of more than 2,200 physicians who are participating providers.

AETNA NETWORK

The Aetna network is a regional network for Memorial employees who live in Palm Beach County.

CHIROPRACTIC CARE

Administered by Chiro Alliance

Chiropractic care is available to you and your dependents through Chiro Alliance. The first visit does not require authorization. However, subsequent visits do require authorization.

Note: Chiropractic services are authorized by our contracted network. Benefits are provided for an initial (one-time) visit, per episode or condition, for evaluation of the need for chiropractic services when using a participating chiropractor. Additional chiropractic visits must be in accordance with the treatment plan developed by the chiropractor and approved by the plan's contracted network.

The initial visit without authorization has a \$40 copay. Ongoing visits also have a \$40 copay and require authorization (60-visit maximum). Chiropractic care is not covered out of network. Call (877) 434-8258.

DENTAL PLANS

Feeling good about your smile is important. That's why we offer two dental plans with Cigna. They cover preventive services, basic and restorative care, major services, and orthodontia.

In this plan, you may only choose from in-network dentists. If you choose an out-of-network dentist, you'll pay the full cost for services.

Dental PPO (DPPO) –

In this plan, you can choose to see either an in-network or out-of-network dentist, but you may pay more out-of-network. You can always ask your dentist to predetermine your claim so you know the anticipated cost of your services.

Enroll only during Open Enrollment, when you are a new hire, or when you have a qualifying life event. For more information, contact Cigna at cigna.com or (800) 244-6224.

YOUR MONEY: REIMBURSEMENT ACCOUNTS

FLEXIBLE SPENDING ACCOUNTS (FSAs)

Healthcare FSA

A healthcare FSA lets you set aside pre-tax earnings every pay period, which you can use all year to pay for eligible medical, dental, or vision expenses, as well as prescriptions that aren't covered or are only partly covered by your insurance. Memorial will automatically withhold your contribution from your paycheck so it doesn't count as taxable income. You will receive a debit card from P&A Group to use to pay for qualifying purchases if you don't already have one.

Remember, you have to use all money that you set aside in your FSA by March 15 of the following year, or you lose it.

Set aside up to \$3,300 annually.

Dependent care FSA

A dependent care FSA lets you set aside pre-tax earnings every pay period for child care and other dependent care expenses. Your child must be 13 years old or younger in order to qualify for coverage. Memorial will automatically withhold your contribution from your paycheck so it doesn't count as taxable income. You must use these funds by December 31 or you will lose them.

Set aside up to \$5,000 annually.

Enroll only during Open Enrollment or as a new hire.

*Both types of FSA are administered by P&A group.
Contact them by visiting padmin.com or calling
(800) 688-2611*

RETIREMENT PLANS

PREPARING FOR RETIREMENT IS ONE OF THE MOST IMPORTANT THINGS YOU CAN DO. RETIREMENT INCOME TYPICALLY COMES FROM THREE MAIN SOURCES – EMPLOYER-FUNDED PLANS (LIKE OUR PENSION OR 401(A) PLAN), YOUR OWN CONTRIBUTIONS (LIKE OUR 403(B) AND 457(B) PLANS), AND SOCIAL SECURITY. TOGETHER, THESE SOURCES ARE DESIGNED TO ASSIST YOU WITH REPLACEMENT INCOME AT RETIREMENT.

MEMORIAL 403(B) PLAN

There's no reason not to participate in Memorial's 403(b) plan – you're saving for your family's future, plus Memorial will match up to 55% of 5% of your annual salary, based on your years of service, up to IRS maximums. You choose what percentage of your salary you wish to contribute (pre-tax or Roth) – after which the match is available to you if you're a full- or part-time employee who works 40 hours or more biweekly.

All full-time and part-time employees will automatically be enrolled after 45 days of employment at a contribution rate of 5%. You can change your contribution amount or invest your contributions differently at any time through www.transamerica.com/portal/mhs. You are fully vested after three years of service. You may start contributing on the first day of hire.

403(B) RETIREMENT PLAN EMPLOYER CONTRIBUTION

YOUR YEARS OF SERVICE

Up to 3 years	30%
4 years	35%
5 to 9 years	45%
10+ years	55%

MEMORIAL 457(B) PLAN

We also offer a 457(b) plan, so whether you want to shelter additional funds or take advantage of this type of plan, you can set aside money each pay period in this account. You can invest your contributions into the Transamerica fund of your choice.

MEMORIAL PENSION PLAN

This plan, which is paid for entirely by Memorial, is for employees who held full-time positions at Memorial for five or more years prior to November 1, 2011. It's computed by an employee's five-highest consecutive years over the previous 10 years, multiplied by the years of service.

For more information on any of these four retirement plans, contact Transamerica at (800) 755-5801 or visit transamerica.com/portal/mhs.

403(B) PLAN VESTING

YOUR YEARS OF SERVICE

1 year	0%
2 years	0%
3 years	100%

MEMORIAL 401(A) PLAN

This is a retirement plan for employees who were hired or had a status change on or after November 1, 2011, and who are full-time (working 72 hours or more biweekly), excluding overtime.

If you qualify for this plan, Memorial will contribute 3% of your annual salary into your 401(a) account, up to IRS maximums. Contributions typically occur prior to the end of the first quarter of the following year.

You can invest your contributions into the fund of your choice, and you'll be 100% vested (that is, you will own 100% of your account balance) after three years of service.

TIME OFF

A HEALTHY WORK-LIFE BALANCE IS A KEY TO SUCCESS AND IMPORTANT TO OUR TEAM'S OVERALL WELLNESS. BECAUSE WE ARE CAREGIVERS, IT IS NATURAL FOR US TO TAKE CARE OF OTHERS, BUT WE OFTEN FORGET TO TAKE CARE OF OURSELVES.

Please refer to HR policy B-09 for more information.

ACCRUAL FORMULAS FOR YOUR PAID TIME OFF (PTO)

Generally, employees who have worked for Memorial for less than thirty (30) days are not eligible to use paid time off (PTO). You may use your paid time off beginning with the first pay period after the date you complete 30 days of service. In certain circumstances – such as national holidays, a department closure, or shift cancellation – if you have less than 30 days of service, Memorial may advance you paid time off as required by law.

None of the paid hours driving accruals include overtime.

Full-time employee

If you've been a full-time employee at Memorial for less than three years, your accrual rate is 0.0924 hours per hour paid. If you've been here full-time for three through nine years, your rate is 0.1116 hours per hour paid. And if you've been a full-time Memorial employee for 10 years, your rate is 0.1347 hours per hour paid. So, if you've been here less than three years and work 80 hours biweekly, you'll accrue 7.39 hours biweekly.

If you've been here three to nine years and work 80 hours/pay period, you'll accrue 8.93 hours biweekly.

If you've been here 10 years or more and work 80 hours/pay period, you'll accrue 10.78 hours biweekly.

Part-time employee

You'll accrue 0.0924 hours of paid time off for every hour you are paid.

So, if you work 64 hours/pay period, you'll accrue 5.91 hours biweekly.

Graduate Medical Education (GME) resident paid time off accrual

If you're a GME resident, you are eligible for 25 days of paid time off each program year, starting on the first day of the program year. Any paid time off hours not used during the program year will be forfeited at the end of the program year.

Administrative staff and physicians

If you've been at Memorial for up to nine years, your accrual rate is 0.1116 hours per hour paid.

Employees with 10 years accrue leave at 0.1347 hours per hour paid.

So, if you've been here nine years or less and work 80 hours/pay period, you'll accrue 8.93 hours biweekly.

If you've been here 10 or more years and work 80 hours/pay period, you'll accrue 10.78 hours biweekly.

Pharmacy residents

If you're a pharmacy resident, you are eligible for 12 days of paid time off each program year, starting on the first day of the program year. Any paid time off hours not used during the program year will be forfeited at the end of the program year.

DISABILITY LEAVE

If you have an illness or accident that causes you to miss more than three days or a maximum of 24 hours of scheduled work time, disability leave can help. The accrual rate is .0308 hours per hour paid. Please refer to HR policy B-21 for more information.

BEREAVEMENT LEAVE

If you're a full- or part-time employee, you can use three days of paid bereavement leave at any time for a death in your immediate family – such as your spouse, parent, stepparent, child, stepchild, grandchild, sibling, grandparent, mother-in-law, or father-in-law. Bereavement leave is now also available for both parents due to the loss of an unborn child (miscarriage).

MILITARY LEAVE

You may be eligible for military leave under the Uniformed Services Employment and Re-Employment Rights Act (USERRA) of 1994. Please refer to HR policy B-19 for more information.

FINANCIAL SECURITY

LONG-TERM DISABILITY

We provide all benefits-eligible Memorial employees with a base long-term disability plan, free of charge. It typically pays 50% of your salary (60% for employees on administrative payroll). This is subject to salary limitations set in place by the insurance coverage maximum.

Enroll any time.

SHORT-TERM DISABILITY

How would you cover your bills and other household expenses if a disability kept you out of work and prevented you from earning a paycheck? By paying 60% of your monthly salary, up to \$5,000, voluntary short-term disability insurance helps replace a portion of your income if a covered injury or illness keeps you out of work. The benefit can help cover out-of-pocket expenses and make up for lost wages.

Premiums vary depending upon your age, the waiting period you elect, and other such factors.

Enroll only during Open Enrollment or when you are a new hire.

HOSPITAL INDEMNITY INSURANCE

Even with medical insurance, a hospital stay can cost you thousands of dollars in deductibles and coinsurance.

Hospital indemnity insurance pays a benefit directly to you if you or a covered family member receives inpatient hospital care. The plan also offers newborn routine care, providing a lump sum benefit after birth (provided that the birth is not outpatient).

Plan features:

- Coverage is available for your spouse and child(ren)
- Benefits for rehabilitation, mental health and observation stays are included
- Benefits are paid regardless of any other insurance you have
- No physical exams are required to enroll in the coverage
- The plan pays each covered member a \$50 wellness benefit for certain health screening tests

For more information, visit Aetna at myaetnasupplemental.com or call (800) 607-3366.

ACCIDENT INSURANCE

Accidents happen. You can't always prevent them, but you can take steps to reduce the financial impact, which can be substantial. Accident insurance can help cover the out-of-pocket medical expenses and extra bills that can follow an accident.

The total benefit you receive is based on the type of injury, its severity, and the medical services you received in treatment and recovery.

The plan pays benefits for a variety of injuries and accident-related expenses.

Examples of covered injuries include:

- Fractures
- Dislocations
- Hospitalization
- Physical therapy
- Emergency room treatment
- Transportation

Plan features:

- Benefits are paid for accidents that occur on and off the job
- Earn up to a \$75 Wellness Credit for certain medical activities
- There are no health questions or physical exams required
- Receive an additional 25% benefit if the accident happens when you are playing in an organized sporting event

Enroll in hospital indemnity and accident insurance only during Open Enrollment, when you are a new hire, or when you have a qualifying life event.

For more information, contact Securian at Securian.com/benefits or (888) 658-0193.

CRITICAL ILLNESS INSURANCE

Critical illness insurance reduces the financial impact of a major illness, such as a heart attack, stroke, or cancer. The policy pays a lump sum benefit directly to you once you or a covered family member is diagnosed with a covered condition.

Even when you are covered by a quality medical plan, your financial exposure could be thousands of dollars, depending on the medical plan you choose. Critical illness insurance can help you eliminate or greatly reduce this exposure.

Examples of covered illnesses may include:

- Heart attack
- Major organ transplant
- End-stage renal (kidney) failure
- Cancer
- Stroke

Plan features:

- You do not have to be terminally ill to receive benefits
- Earn up to a \$75 Wellness Credit for certain medical activities
- Coverage options are available for your spouse and children

Enroll only during Open Enrollment or when you are a new hire. For more information, contact Securian at [Securian.com/benefits](https://securian.com/benefits) or (888) 658-0193.

LIFE INSURANCE

Memorial offers basic life insurance at the rate of one time your annual base pay, plus \$10,000, not to exceed \$50,000, in term life insurance coverage. This is a free benefit to you – paid entirely by Memorial. Limits are determined by your status (full-time, part-time, etc.). The limit for staff and GME residents is \$50,000, the limit for administrative employees is \$300,000, and the limit for physicians is \$500,000.

You may also buy supplemental life insurance coverage for yourself, your spouse, and dependent child(ren), not to exceed the total coverage amount you have for yourself.

You may enroll in Life Insurance if you are a regularly scheduled, full- or part-time, benefits-eligible employee who has not elected to waive benefits and once you've completed 30 days of employment.

REQUIRED NOTICES

CREDIBLE COVERAGE NOTICE: YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Memorial Healthcare System and about your options under Medicare's prescription drug coverage (if you are eligible for Medicare).

This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage.

Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer better coverage for a higher monthly premium.

Memorial Healthcare System has determined that the prescription drug coverage offered under the MMCP and MCHP group healthcare plans under the Memorial Healthcare System Group Insurance Plans is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage.

Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

WHEN CAN YOU JOIN A MEDICARE DRUG PLAN?

You can join a Medicare drug plan when you first become eligible for Medicare and each year thereafter. You may enroll from October 15 through December 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two-month Special Enrollment Period (SEP) to join a Medicare drug plan.

WHAT HAPPENS TO YOUR CURRENT COVERAGE IF YOU DECIDE TO JOIN A MEDICARE DRUG PLAN?

If you decide to join a Medicare drug plan, your current Memorial Healthcare System coverage will not be affected. If you drop your coverage with Memorial Healthcare System and enroll in a Medicare prescription drug plan, you may not be able to get this coverage back later. You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area.

WHEN WILL YOU PAY A HIGHER PREMIUM (PENALTY) TO JOIN A MEDICARE DRUG PLAN?

You should also know that if you drop or lose your current coverage with Memorial Healthcare System and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For more information about this notice or your current prescription drug coverage, contact your Benefits Administrator.

Note: You'll get this notice each year. You may receive this notice at other times in the future, such as before the next period you can enroll in Medicare prescription drug coverage, and if this coverage changes. You may request a copy of this notice at any time.

FOR MORE INFORMATION ABOUT YOUR OPTIONS UNDER MEDICARE PRESCRIPTION DRUG COVERAGE

More detailed information about Medicare plans that offer prescription drug coverage is in the Medicare & You handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage, visit medicare.gov.

Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number) for personalized help.

Call (800) MEDICARE (633-4227). TTY users can call (877) 486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available from the Social Security Administration (SSA.)

REMEMBER: KEEP THIS NOTICE

If you enroll in one of the Medicare-approved plans offering prescription drug coverage, you may need to provide a copy of this notice when applying for the coverage to show that you are not required to pay a higher premium amount.

WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

Federal law requires a group health plan to provide coverage for the following services to an individual receiving plan benefits in connection with a mastectomy; reconstruction of the breast on which the mastectomy has been performed; surgery and reconstruction of the other breast to produce a symmetrical appearance; and prosthesis and physical complications for all stages of a mastectomy, including lymphedemas (swelling associated with the removal of lymph nodes). The group health plan must determine the manner of coverage in consultation with the attending physician and patient. Coverage for breast reconstruction and related services will be subject to deductibles and coinsurance amounts that are consistent with those that apply to other benefits under the plan.

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace.

For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either

of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of March 17, 2025. Contact your State for more information on eligibility.

Memorial Healthcare System allows dependents to continue coverage up until December 31st of the year you turn 30 years old if you meet these qualifications:

ADDITIONAL NOTICES

Please contact your HR Director for additional information on the Health Insurance Portability and Accountability Act (HIPAA) of 1996, the Family and Medical Leave Act (FMLA) of 1993, and Continuation of Coverage rights under COBRA and other important legal notices.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

You are receiving this notice because you have recently become covered under a health group plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage.

It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage. For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

WHAT IS COBRA CONTINUATION COVERAGE?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse’s hours of employment are reduced;
- Your spouse’s employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:

- The parent-employee dies;
- The parent-employee’s hours of employment are reduced;
- The parent-employee’s employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the plan as a “dependent child”

WHEN IS COBRA COVERAGE AVAILABLE?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, or the employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

YOU MUST GIVE NOTICE OF SOME QUALIFYING EVENTS

For the other qualifying events (divorce or legal separation of the employee and spouse or dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to: Memorial Healthcare System Human Resources.

HOW IS COBRA COVERAGE PROVIDED?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare eight months before the date on which his or her employment terminates, COBRA continuation coverage for his or her spouse and children can last up to 36 months after the date of the qualifying event (36 months minus eight months). Otherwise, when the qualifying event is the

end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation of coverage can be extended.

DISABILITY EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If you or anyone in your family covered under the Plan is determined by the SSA to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and any dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.
